SKCC Straight Key Month - 2024
Short Notice Reservations

Requests for operating time are typically made well in advance. However, you may be able to have your request filled within 1-hour of the start time by following the instructions below. There is no guarantee that your request can be filled on short notice but we will do our best.

Before using the short notice scheduling service please ensure that you have read the [2024 US Operator Guide PDF](#) *and that you have submitted at least one log for a prior operating session in the current event. Short Notice Scheduling should not be used to schedule your first operating session in a K3Y call area.*

Here's how to file a short-notice scheduling request:

1) Requests should be emailed *only within 1-hour* of the intended start time;

2) Address your email to *both* your Coordinator contact address (see list below) and to   K3YSCHED@skccgroup.com

3) Include the following items in *every* request:

   Start & End Times (UTC)
   K3Y Area (K3Y/1, etc.)
   Call-Name-State-Nr, example: AF2Z-Drew-NJ-2082s

- Do not operate as K3Y unless you receive a confirmation of your request.

- You may use the short-notice service to extend your current operating session.
